CATARRH

Positively Cured and Not One Drop of
Medicine Taken Internally.

Immediate relief and cure for sufferers of Head Colds, Chronic Sore Throat, Congested Bronchial Tubes, Bronchitis, Laryngitis, Catarrhal Deafness, Asthma and Hay Fever. Not a medicine to upset your system, but simply a tablet which when dissolved in water makes a wonderful cleansing, soothing and healing antiseptic, which is especially adapted to the delicate membrane linings of the NOSE and THROAT, and, when used with the glass nasal douche which we supply, or as a gargle, will immediately remove the mucus by thoroughly cleansing the breathing passages of the nose and throat, consequently allaying the discharge and giving nature an opportunity to get the respiratory organs into a healthy condition. This can never be accomplished while the breathing passages are filled with poisonous discharge of the mucus membrane, and unless the breathing passages are cleansed and treated with a proper healing antiseptic a slight cold will invariably result in Catarrh, La Grippe, Sore Throat, cold in head or chest, and frequently results seriously.

ORMSBY'S NASAL DOUCHE treatments will positively relieve immediately, and will cure all diseases of the nose and throat, and will give wonderful relief to sufferers of Bronchial troubles and tuberculosis of the throat and lungs. To convince you that this advertisement states FACTS, sign the Coupon below, mail it to us with FIFTY cents, and we will immediately mail you a \$1.00 box of ORMSBY'S NASAL DOUCHE treatments containing Twenty-five treatments with glass nasal douche or forty treatments without the douche. The twenty-five treatments with douche will be mailed unless otherwise ordered. FREE - We will gladly mail you a valuable book with chart in five colors showing the trustworthy method by which diseases of the respiratory organs are treated.

One of the thousands of unsolicited testimonials we receive:
"Gentlemen: Several months ago I was very much worried about a cold I had contracted and which had settled in my head, from which position it was apparently impossible to dislodge it. After suffering greatly for ten days or two weeks, a friend prevailed upon me to try Ormsby's Nasal Douche Tablets, with almost instantaneous results; in fact, the results were so extremely gratifying that I decided to continue the use of the Treatments in an endeavor to cure myself of catarrh, with which I had suffered for years; and after taking the medicine according to directions for about six weeks I was entirely cured, and have not been able to detect the slightest trace of the disease since that time.

"I also recommended the use of the Treatments to a friend who had suffered for years with Asthma, and he has just left the office after informing me that the Tablets had actually cured him; that he had not felt a trace of the old trouble for more than two months, and that that had been the longest respite he had had for about twenty years.

"Now, gentlemen, this is the first time in my life that I have ever recommended in any way a so-called 'patent medicine', and I hope that you will take it as the evidence of one who sincerely appreciates the high merit of the article that you are placing upon the market as a curative agent. Very sincerely yours,

"JOHN R. MACLEOD, 1622 No. Bonnie Brae, Los Angeles, Cal."

Steamboat Days.

To The Herald:

These items are from one of the oldest steamboatmen on this side of the Great Divide.

This article has something to say concerning the life and death of steamboat packet companies.

There were at one time a Memphis Packet Company and a Keokuck Packet Company, and a Diamond Joe Company running to St. Paul, and a line of boats running to St. Joe, Mo., and a line of boats running from St. Louis to Shreveport up Red river. In the meantime, Mr. Railroad was building railroads on both sides of the river, and told Mr. Boat he could beat him doing business in the Valley, and he has done so.

I was running in the St. Joe trade on the steamer Ben Louis till I sold her to the Memphis Packet Co. I then got into the Red river trade, running to Shreveport. Had six or seven boats in the line too small to go into the New Orleans trade, and as soon as Mr. Railroad got there the business men's league in great measure quit boats and went to the roads. Captain Rea told me it didn't break them but bent them mighty bad.

Captain Rea had his boat, Belle of Shreveport, lengthened.

C. BROWN.

The quarterly meeting of the Methodist church at Fruitland will be held at the church January 15 and 16 by Presiding Elder W. R. McCormack.

A Wild Blizzard Raging brings danger, suffering—often death—to thousands, who take colds, coughs and lagrippe—that terror of winter and spring. Its danger signals are "stuffed-up" nostrils, lower part of nose sore, chills and fever, pain in back of head, and a throat-gripping cough. When Grip attacks, as you value your life, don't delay getting Dr. King's New Discovery. "One bottle cured me," writes A. L. Dunn, of Pine Valley, Miss., "after being laid up three weeks with Grip." For sore lungs, Hemorrhages, Coughs, Colds, Whooping Cough, Bronchitis, Asthma, it's supreme. 50c, \$1. Guaranteed by all druggists.

Oklahoma Farm Lands for Sale Very Cheap.

Ten thousand acres of fine unimproved farm lands for sale, \$5 to \$10 per acre, in McCurtain county, Oklahoma. Health is good, climate mild; plenty of rainfall; crop failures an unknown quantity. These lands are very productive, and will grow cotton, corn, wheat, alfalfa, and, in short, anything you are desirous of raising. Please write me at once if you want a nice unimproved farm at a very low price.

I want to locate 500 good farmers in this county, and if you will get in communication with me and mean business will assure you it will be the best move you ever made. Come direct to Garvin, Okla., and hunt me up.

D. P. BAILEY.

OLD SOLDIERS, ATTENTION.

Any old soldier who made a homestead entry of 40, 80 or 120 acres in any State in the Union before the year 1874 has a claim coming to him from the Government provided he has never sold this right or taken up another homestead.

It does not make any difference whether he proved up on his original homestead entry or simply left it.

A soldier who never made a homestead entry, or one who entered land after June 22, 1874, has nothing to sell.

We buy these claims. The widow or heirs of a soldier can also sell these rights.

Cape County Schools.

Jackson, Mo., Jan. 3, 1910.

Dear Editor:—

Some information relative to the schools of Cape Girardeau county will probably be of interest to many readers.

There are one hundred and forty teachers in actual service in the county at present (126 white and 14 colored). Cape Girardeau and Jackson are not under the supervision of the County Superintendent because they have their own superintendents superintending half or more of their time. There, in my opinion, has never been a time when these two cities were as proud of their schools and had such hopes for their future as now.

Prof. John Laidlaw, with an efficient corps of twenty-nine teachers, has charge of the Cape Girardeau schools. It is very evident to even an outsider, and much more so to one who is interested enough to visit and see the work, that this school is tending upward.

Prof. J. H. Goodin, with twelve able assistants, is doing for Jackson schools that which has never been done before.

The remaining ninety-seven teachers are under the supervision of the County Superintendent. At this writing I have spent approximately one-half day with each of these teachers. I am now ready to testify that the experiences of a county superintendent are many and varied. But I must not deviate from the information I started to give to relating my many and varied experiences.

There are many improvements that should be made in the schools of the county. They are in my judgment far from what they should be. However, I believe that they will compare favorably with the schools of other counties in this section of the State. But this is not enough—they should be in the very forefront. The schools should keep abreast with the other development of the county. If teachers are accorded the support due them, I believe the schools of the county will be revolutionized in a few years. The present situation is to me very encouraging.

There are fourteen schools in the county, including Cape and Jackson, that employ two or more teachers. With these schools to work from, some good results can be obtained. The schools outside of the two cities that have two or more teachers are: Oak Ridge, Pocahontas, Millerville, Tilsit, Burfordville, Whitewater, Gordonville, Allenville, Rumbranch, Indian Creek, Egypt Mills and Leemon.

Generally speaking, these twelve schools are taught by efficient and earnest teachers. The undivided support of these twenty-six teachers, with the help Cape and Jackson are ready to give, would be a powerful factor in putting system into the rural schools. I believe that I shall receive the undivided support of these twelve schools.

If space would permit, I would like to go into detail, telling what I saw of each of these schools. The thing I saw that will have most effect on the schools was the attitude of the teachers, pupils and patrons toward their respective schools. This ranged from a feeling of "anything is good enough for our school" to the very keenest interest and pride.

If I dared do so, I would make a tabulated comparison of these twelve schools. But I must talk of them in a general way. The grade of work done this year ranges from the seventh to the tenth grade inclusive. Some of the schools would do a higher grade of work if they had demand for it. Oak Ridge, Leemon and Millerville are doing work up to and including the tenth grade; Burfordville, Pocahontas,

Indian Creek, Egypt Mills and Gordonville the ninth, and the rest—Rumbranch, Allenville, Whitewater and Tilsit—the grammar school grades.

The character of the grounds ranges from small and poorly-selected to large and beautiful; from dirty and ill-kept to clean, well-kept. The most of them can be made beautiful.

I believe that Oak Ridge has the best-selected and most beautiful school ground of the schools under discussion. With the proper interest on the part of the school and community it can be made the pride of every individual in the district. I am glad that some interest is being manifested in various parts of the county. Whitewater has planted during this term some three dozen or more trees, and it is hoped that other schools will catch the spirit before the close of the present term.

Whitewater, Burfordville and Pocahontas have done much toward the renovation of their buildings. Another good move in the right direction. Why not educate along this line while we teach the three R's?

In a majority of these schools new books have been added to the libraries, in many cases the teachers having to devise plans to raise the money with which to buy them.

Gordonville, Leemon and Whitewater have disproved the idea that the stove must occupy the best part of the house, the center of the room. Gordonville has taken up the modern idea and placed the stove on the side and purchased a jacket for it. Principal W. H. Kinder says the arrangement is very satisfactory. Other schools would do well to try this idea.

There are many things that could be said, but with one other statement I'll close, waiting to see what disposition is made of this letter.

Leemon deserves special mention because of her excellent record in attendance. This school has the distinction of making the highest per cent. of attendance the first quarter (the second quarter is not made yet). The fact that this school made this record in attendance speaks well for the school. The teachers and pupils of this place seem to have the habit of doing things. The people of this district never come under the limit in voting a tax to maintain the school. Money spent in education is the best investment that can be made. These people make the investment, and they are justly proud of their school.

Respectfully,
J. T. McDONALD.

Epilepsy, Spasms, St. Vitus' Dance

"I suffered for many years from what some people call epilepsy. Dr. Miles' Restorative Nervine cured me, and you can imagine how thankful I am."

M. I. COFFMAN,
Coldwater, Mich.

"My daughter was cured with Dr. Miles' Restorative Nervine, after having been afflicted with fits for five years."

PETER McAULEY,
Springfield, Mass.

"For a year my little boy had spasms every time he got a little cold. Since taking Dr. Miles' Nervine he has never had one of these spasms."

MRS. MYRTLE DAGUE,
Rochester, Ind.

"My daughter couldn't talk or walk from St. Vitus' dance. Seven bottles of Dr. Miles' Nervine entirely cured her."

MRS. NANNIE LAND,
Ethel, Ind.

"Until my son was 30 years old he had fits right along. We gave him seven bottles of Dr. Miles' Restorative Nervine. He has not had a fit since he began on the fifth bottle."

MRS. R. DUNTLEY,
Wautoma, Wis.

Dr. Miles' Restorative Nervine is sold by all druggists. Give it a thorough trial. MILES MEDICAL CO., Elkhart, Ind.
